

# IMA FOUNDATION

## Background:

The IMA Foundation was suggested at a Council Meeting a number of years ago.

**The Aim was to raise funds from IMA members and donors and to then invest the money in an income bearing investment. The income could then be used to sustain the running of the IMA as well as IMA projects.**

We suggested a possible donation of R200.00 a month per member over 2 years. If all thousand of our members contributed we could have R2.4 million rand to invest.

When I took the idea back to the Pretoria branch, the late Dr. Anvir Adam was full of enthusiasm and immediately gave me a donation of R2400.00. I was further able to donate R14 000. The sum of R16 400 stayed in the Pretoria branch account for a number of years.

Two years ago when the IMA had a financial crisis the idea was revived and a separate account was opened with Al-Baraka Bank by our treasurer; Solly Suleman. The funds from the Pretoria branch account were transferred to this account and an appeal was once again made at our conference at Birchwood. Some amounts were pledged at the conference but the event was overshadowed by fundraising for Palestine which was more urgent at the time.

# IMA FOUNDATION

## Current status:

At our last Annual General Meeting in Durban 2014 the issue of the Foundation was once again raised. The current status was explained.

Immediately 8 x members pledged a donation of R10 000.00 each to the Foundation.

The NEC and AGM asked me to please once again take on the task of raising funds for the foundation.

I therefore make this appeal to each member to please donate what funds you can to our Foundation account.

Any amount would be appreciated.

This can be given as one amount or over a period of time

May Allah (SWT) reward each of you for your efforts big or small.

**Salaams**
